

# Bad Thoughts

half•alive

Bad thoughts, bad  
Bad thoughts, bad (Bad thoughts, bad)  
Stirrin' up, stuck in all these (Bad thoughts)  
Bad thoughts, bad  
Bad thoughts (Bad thoughts)  
Every night, same old story

What we have is toxic, codependent  
Time doesn't make it better, we adjust it in dark  
I'm over tryna save this, you're the worst thing  
I've really come to hate when you are here, so

Turn around, I don't wanna see you  
Don't like who you turn me into  
Every night, same old story  
Turn around, I don't wanna see you  
I've had enough of this  
Stirrin' up, stuck in all these

Bad thoughts, bad  
Bad thoughts, bad (Bad thoughts, bad)  
Stirrin' up, stuck in all these  
Bad thoughts, bad (Stirrin' up, stuck in all these)  
Bad thoughts (Bad thoughts, bad)  
Every night, same old story

(Bad thoughts, bad)  
Every time you came around, you just got hurt (Bad thoughts, bad)  
Looking back in the mirror wringin' out your words (Bad thoughts, bad)  
Like a distance call [?] never stops (Bad thoughts, bad)  
Bad thoughts

Bad thoughts, bad  
Bad thoughts, bad (Bad thoughts, bad)  
Stirrin' up, stuck in all these ([?])  
Bad thoughts, bad  
Bad thoughts (Bad)

I couldn't breathe (Bad thoughts, bad)  
You got to me (Bad thoughts, bad)  
I've had too much (Bad thoughts, bad)  
It's time you leave  
I made a mistake  
Letting you come and stay  
Now I'm washing you out  
You're an oil stain  
But I believe that I've had enough of this  
Stirrin' up, stuck in all these

Bad thoughts, bad  
Bad thoughts, bad (Bad thoughts, bad)  
Every night, same old story
