

Bleed It Out

half•alive

Never trust a heart until it bleeds
This conversation's stuck between my teeth
(At least we're talking)

I don't wanna say
What I mean
'Til I mean it
God I gotta know
That you're here
That you feel it
Never trust a heart 'til it bleeds
Are you bleeding
Are you bleeding
Bleed it out

Give me all you got, got
Even if it hurts
Don't hold back your heart
Bleed it out
(Don't hold it back)
Bleed it out

I'll disqualify my thoughts and my opinions
Dig a little grave for all my reasons
It's not reasonable I know

I don't wanna feel
What I feel
If you're fading
Spill your authenticity
I'm listening
Believe it
Never trust a heart 'til it bleeds
Are you bleeding?
Are you bleeding?
Bleed it out

Give me all you got, got
Even if it hurts
Don't hold back your heart
Bleed it out
(Don't hold it back)
Bleed it out

Give me all you got, got
Even if it hurts, hurts
Don't forget your heart

Give me all you got, got
Even if it hurts
Don't hold back your heart
Bleed it out
(Don't hold it back)
Bleed it out
