

How can you ask me to trust you?
I'm at the end of a burning rope
There's no use if it's untrue
You spoke in a whisper, it had no effect
On me, I
Hid from your winter, it took my breath
Away, I
I miss the way it was

Was it my fault, the end of a dream?
Holding it close, I got so lost
The promise I have was just out of reach
The sound of the road, I got so

(I got so lost)
(I got so lost without you)

Colliding with events, we're in a corner
Woke up at the edge of the forest
Tried to avoid it, but I'm broken down
Wondering how do I heal, knowing things won't be the same
Can I rewind? This time, instead, I spend the night with a friend

So how can you ask me to trust you
When I'm at the end of a burning rope?
There's no use if it's untrue
You spoke in a whisper, it's no use

Was it my fault, the end of a dream?
Holding it close, I got so lost
The promise I have was just out of reach
The sound of the road, I got so
Love was a jest, you were a dream
Holding you close was all my fault
Am I in love or blind to my grief?
Where is the road? I got so

(I got so lost)
(I got so lost without you)
(I got so lost)
(I got so lost without you, love)
