

Empty Room

Halflives

I'm feeling like an empty room
And everyone can see right through
Don't know what's my aim, don't know where's my flame
It all makes me feel so blue
I'm just a bad clone of myself
And it's so sad that I'm aware
I'm wasting my life away

That's a shame
I can't face this heartache
I have lost my way

I just want to scream, spit out my disease
Will this silence disappear?
I just want to run, I need to feel the sun
Will it melt my frozen heart?
I'm crying, I'm fading
I lost all my faith and
I'm driven so crazy, I can't stand it no more

(I feel empty)

Trapped inside an empty room
I close my eyes to change the view
I'm sitting all alone on my pathetic throne
What am I doing?
I've no clue
It's all so white, I'm so blind
Can you tell me how I'm still locked inside this room?

I just want to scream, spit out my disease
Will this silence disappear?
I just want to run, I need to feel the sun
Will it melt my frozen heart?
I'm crying, I'm fading
I lost all my faith and
I'm driven so crazy, I can't stand it no more

No I can't escape

So I've locked the door and the key is gone
Now I know I can't escape

I just want to scream, spit out my disease
Will this silence disappear?
I just want to run, I need to feel the sun
Will it melt my frozen heart?
I'm crying, I'm fading
I lost all my faith and
I'm driven so crazy, I can't stand it no more
No more
I'm driven so crazy, I can't stand it no more
