

EVERYTHING SUCKS!

Halflives

Oh my God I gotta do this shit again
I'm so sick of you ghosting my DMs
Who said this had to be so fake?
Ugh, this is giving me a headache

'Cause you made a monster out of me
(Oh yeah)
Are you paying for my therapy?
(Didn't think so)

"For every yes you will hear a thousand no's"
Fuck you and your "I told you so"
It's always me, myself and I
Well, this time I won't lie

Screw you and you and you too
Everything sucks and it's because of you
Screw you and you and you too
Everything sucks and it's because of you
'Cause of you

"Sorry for getting back to you so late
Now I wanna be your mate"
Do you think stupid's one of my traits?
I'm tearing down your fucking gate

'Cause you made a monster out of me
Are you paying for my therapy?
(Right, that's what I thought)

Screw you and you and you too
Everything sucks and it's because of you
Screw you and you and you too
Everything sucks and it's because of you
'Cause of you

Hey you made a monster out of me
Hey, hey
Who the hell cares anyway?

Screw you and you and you too
Everything sucks and it's because of you
Screw you and you and you too
Everything sucks and it's because of you
'Cause of you

Hey, hey
I don't feel well today
Everything sucks and it's because of you
Hey, hey
I don't feel well today
Everything sucks and it's because of you
'Cause of you
