Half Alive

Halflives

Waiting to feel alive
Fooling ourselves thinking like this we'll survive
But it's not alright, we're not alright

Crawling through these black days
Everything's the same, we're damaged, we are vain
We are half alive, we're half alive

But you say
That you don't need me when you drown, to catch you when you're falling down
We are half alive
We can barely survive
We fake a smile, we hide the pain, we fall and crash, we're not the same
I don't feel alright
We are half alive

Numb men shaking cold hands
This is who we become, withered without love
But it's not alright, we're not alright

I forgot how's life out of this room
I want to see the sky but it won't be soon
We are half alive, we're half alive

But you say
That you don't need me when you drown, to catch you when you're falling down
We are half alive
We can barely survive
We fake a smile, we hide the pain, we fall and crash, we're not the same
I don't feel alright
We are half alive

I forgot how's life out of this room
I want to see the sky but it won't be soon
We are half alive, we're half alive

But you say
That you don't need me when you drown, to catch you when you're falling down
We are half alive
We can barely survive
We fake a smile, we hide the pain, we fall and crash, we're not the same
I don't feel alright

We are half alive
