

Oblivion

Halfives

Save me
From the void that
You have left here
When you're gone
Take me
To oblivion
I'll be with you
On and on

Take me
To oblivion
I'll be with you
On and on

Save me!...

Save me
From the void that
You have left here
When you're gone
And take me
To oblivion
And I'll kiss you
Forevermore

I can't let go!
I still feel you right here by my side
Feel your touch when I'm closing my eyes
Wish you'd be here 'cause I just
Can't let go!
Holding tight to the ghost of you
I want you now, wanna drown in your blue
Can't you save me
Save me

Save me
From the void that
You have left here
When you're gone
Take me
To oblivion
I'll be with you
On and on

Drown me
In the blue of
Your oblivion
Forevermore
