

# Rockstar Everyday

Halfives

Out in the night  
For too long  
I don't even feel the cold, I'm better off alone  
Let me rewind  
Just one song  
And cover up your bullshit with the scent of my cologne

Inside my soul there's a riot  
Poisoning my veins  
I wish I could be someone else and take a break  
Outside the city's so quiet  
But I'm a hurricane  
Tonight as I'm dancing  
I wish, I wish

I wish I was a rockstar  
Living in L.A.  
Driving in my fast car  
Far away  
Monday in a dive bar  
Tuesday with my bae  
I wish I was a rockstar  
Right away  
Everyday

Out of my mind  
Too far gone  
I raise another glass, this fantasy's all I've got  
Let me rewind  
What I've done  
And give another shot at being everything I'm not

Every day of the week, it all feels like a curse to me  
Let me have one more drink so I feel even worse, oui  
And I don't know how I got this far  
All I know, all I wish

Inside my soul there's a riot  
Poisoning my veins  
I wish I could be someone else and take a break  
Outside the city's so quiet  
But I'm a hurricane  
Tonight as I'm dancing  
I wish, I wish

I wish I was a rockstar

I wish I was a rockstar  
Living in L.A.  
Driving in my fast car  
Far away  
Monday in a dive bar  
Tuesday with my bae  
I wish I was a rockstar  
Right away
