

## V (Psycho)

Halflives

Ohhhh, Hey  
Hey  
Hey  
Hey  
Ohhhh  
Ohhhh

Wish I wasn't lyin' on an empty bed  
I was feeling fine until the day we met  
Can't forget about you, now  
Can't forget about you, now  
You smoked me like your favorite brand of cigarettes  
And every day with you is like Russian roulette  
Can't forget about you, now  
Can't forget about you, now  
Now tell me how low are you willing to go?

Do you think that I'm a monster?  
'Cause you treat me like a psychopath  
I won't take you to the alter  
This love is out of breath  
You were bad news from the start  
But you know I won't behave  
And when that tears us apart  
I shouldn't get you by a crane

Ohhhh (For him, For him)  
Ohhhh (For him)  
I shouldn't get you by a crane

Wish I didn't worship you like Kevin's son  
Now you got me sleepin' with a loaded gun  
Can't forget about you, now  
Can't forget about you, now  
I thought you were my lover, now I'm taking control  
We'll come to each other before we get old  
Can't forget about you, now  
Can't forget about you, now

Do you think that I'm a monster?  
'Cause you treat me like a psychopath  
I won't take you to the alter  
This love is out of breath  
You were bad news from the start  
But you know I won't behave  
And when that tears us apart  
I shouldn't get you by a crane

Ohhhh (For him, For him)  
Ohhhh (For him)  
I shouldn't get you by a crane  
Ohhhh (For him, For him)  
Ohhhh (For him)  
I shouldn't get you by a crane

I'm diggin' a hole at the graveyard  
Savin' myself when it got too hard

Can't forget about you, now  
Can't forget about you, now  
I swear I will be fallin' when it gets dark  
'Cause now I'm underground, threw me apart  
I'm gonna make you stay  
I shouldn't get you by a crane

Ohhhh (For him, For him)  
Ohhhh (For him)  
I shouldn't get you by a crane  
Ohhhh (For him, For him)  
Ohhhh (For him)  
I shouldn't get you by a crane
