

## As U Wave

HalfNoise

Last night, your rhythms talk  
And, if I can believe it I might, well I'll try  
Hold on, you're going down slow  
Oh no, I don't know  
You're going down so slow, oh no

As you wave your hands goodbye  
As you wave your hands goodbye

And dreaming was easier with you  
But sometimes, this life leaves you blue

It's the rhythm in your heart  
It's the rhythm in your heart  
That leaves me down again

It's the rhythm in your heart  
It's the rhythm in your heart  
That leaves me down again

As you wave your hands goodbye  
As you wave your hands goodbye
