So now  
I let it go, let it go, let it go, yeah, that's right  
So now  
Well let me go, let me go, let me go, yeah

You wanna stand behind  
Keep it occupied  
You gotta hold that rope tight  
Don't let that big talk back  
Don't wanna stand behind  
Gotta keep it satisfied  
I can't win the ones that I see  
I can't win them all

So now  
I let it go, let it go, let it go, yeah  
And now  
Well let me go, let me go, let me go  
Freak out, yeah

You wanna stand behind  
Keep it occupied  
You gotta hold that rope tight  
Don't let that big talk back  
Don't wanna stand behind  
Gotta keep it satisfied  
I can't win the ones that I see  
I can't win them all

So just let it go  
Just let it go  
Just let it go  
Let me go now  
So just let it go  
Just let it go  
Just let me go  
Let me go now
