

Cool Cat

HalfNoise

What a cool cat
Needle in my haystack
Real aristocrat
Always gets the call back

Well, I've never found a girl
That could rock my little world like you
I've been looking all around
There's no other that I found like you

You're so cool, look at you
You're so cool, look at you
Such a cool cat
You're so cool, look at you
You're so cool, only you
Such a cool, cool, cool, cool cat

What a superstar
That's just what you are
The number one
Steppin' to the beat of your own drum

Well, I've never found a girl
That could rock my little world like you
I've been looking all around
There's no other that I found like you

You're so cool, look at you
You're so cool, look at you
Such a cool cat
You're so cool, look at you
You're so cool, only you
Such a cool, cool, cool, cool cat
You're so cool, look at you
You're so cool, look at you
Such a cool cat
You're so cool, look at you
You're so cool, only you
Such a cool, cool, cool, cool cat

You're so cool, you're so cool
Look at you, look at you
Such a cool cat
You're so cool, you're so cool
Look at you, look at you
Such a cool cat

You're so cool, look at you
You're so cool, look at you
Such a cool cat
You're so cool, look at you
You're so cool, only you
Such a cool, cool, cool, cool cat

You're so cool, you're so cool
Look at you, look at you
Such a cool cat
