HalfNoise

Yeah, I'll be blues, you'll be the sky
As she holds her hands so close to mine
And as the sun moves in tonight
And as long as the day is white

It's you I'll love
It's you I'll love
It's you I'll love

It is beautiful, the ferns is huge and it's beautiful
And there is, uh, it's, uh, a lot of sand and, uh, ice and rock
s
And it's very, it's amazing. It's very, very beautiful

I'll be blues, you'll be the sky
As she holds her hands so close to mine
And as the sun moves in tonight
And as long as the day is white

Yeah I loved you, loved you, loved you, loved you today
And you loved me, loved me, loved me, loved me today
