Un, deux, trois, quatre, cinq, six... bonjour

That night, you said baby, it's alright
And you couldn't tell, but I knew why
Cause there was no more tears to cry
I don't know what to do
When on my own, waiting by the phone (bonjour)
Ah damn, I don't wanna be there no more

Cause I can't keep waiting for you
Waiting for you
I can't keep waiting for you
Waiting for you

See that night, you said baby it's alright
And you couldn't tell, but I knew why
Cause there was no more reasons why
I don't know what to do when on my own
Sitting by the phone
Ah damn, don't wanna be alone
Just wanna be there with you (bonjour)

Cause I can't keep waiting for you
Waiting for you
I can't keep waiting for you
Waiting for you
I can't keep waiting for you
Waiting for you
I can't keep waiting for you
Waiting for you
