

Guess

HalfNoise

So there I go
Hiding in the dusty sun
Hiding in it, ooo!
See, I don't know what I choose on
Ah, ah
And there you go
I'm covered by your glancing eyes
There they go, ooo!
See, I don't know what you choose on

I guess I'm givin' up
I guess I'm givin' up
Ah, ah, oh
Ah, ah, oh

And there I go
I'm fightin' for a chance right now
Fightin' for it, ooo!
I don't wanna lose you now

I guess I'm givin' up
I guess I'm givin' up
I guess I'm givin' up
I guess, I guess

(Baby, you just gotta stand a little step away)
No I don't know why, I'll just keep trying all the while
(Baby, you're just kinda standin' in my, in my way)
I guess this is why I don't seem fine, I don't seem fine
(Baby, you just gotta stand a little step away)
No I don't know why, I'll just keep trying all the while
(Baby, you're just kinda standin' in my, in my way)
I guess this is why, give me some time, give me time

Ah, ah, oh
Ah, ah
