

Helicopter

HalfNoise

They left you, alone, in your room
When a helicopter
Swings the tons to you
Don't let go
Don't let go
Of them

Lover, don't go away
Lover, be here today

You saw them
Leaving, your room
When the helicopter
Swings the tons to you

Lover, don't go away
Lover, be here today
Lover, don't go away

Are you fine?
Are you fine?
We all try
We all try

Are you fine?
We all try

They left you, alone, in your room
When a helicopter
Swings the tons to you
Don't let go
Don't let go
Of them

Lover, don't go away
Lover, be here today
Lover, don't go away
