

# I Think I've Fallen For You

HalfNoise

Waking up slow cause I don't have the time  
Work for you is on the city line  
Holding my breath cause I do and do  
I want you to be true

Looking in your eyes for the very first time  
It's like the meaning of the world came alive  
Holding your breath cause you do and you hope  
It'll guide me to you

You said ooo  
Now the lights are moving slower now  
I, I think I've fallen for you  
You said ooo  
Now the lights are moving slower now  
I, I think I've fallen for you

Walking around second day I knew it she was  
Running through my mind, running all my moods  
I was trying to get down from this big ol' trip  
I was thinking upon

I looked at the time and oh how it flew  
Oh when I leave ye it'll make me so blue  
I'm waiting around cause the train  
Oh the train ain't leaving so fast

You said ooo  
Now the lights are moving slower now  
I, I think I've fallen for you  
You said ooo  
Now the lights are moving slower now  
I, I think I've fallen for you
