

## Love & Affection

HalfNoise

I keep dreaming of your love and affection  
Hold on baby  
I keep looking for your love and attention

And I wanted it to be tonight  
And I wanted it to be just right  
And I wanted it to be tonight  
It's all I want, it's all I want

Come on baby  
I keep dreaming of your love and affection  
Hold on baby  
I keep searching for your love and attention

And I wanted it to be tonight  
And I wanted it to be just right  
And I wanted it to be tonight  
It's all I want

It's all I want  
It's all I want  
You're all I want  
And all at once  
It's all I want  
It's all I want  
You're all I want  
And all at once

And I wanted it to be tonight  
And I wanted it to be just right  
And I wanted it to be tonight  
It's all I want
