

Not The Man

HalfNoise

All those years in one
And all my fears begun
Cause inside of my head there's a bird
In a cage
(Ooo bird in a cage)

I'm not the man
I'm not that man
I'm not the man
I'm not that man
I was looking for
All along
I was looking for
All along

They all turned around to see
Cause inside of the cage there's a man
With no key
(Ooo man with no key)

I'm not the man
I'm not that man
I'm not the man
I'm not that man
I was looking for
All along
I was looking for
All along

Yeah yeah yeah

Don't you get it wrong
(Don't get it wrong)
Don't you want my love?
(Ooo want my love)

I'm not the man
I'm not that man
I'm not the man
I'm not that man
I was looking for
All along
I was looking for
All along

Yeah yeah yeah

I was looking for
All along
I was looking for
All along
