

Ordinary Misery

HalfNoise

They're just like me
Ordinary lovers
They don't see me
I'm hiding in the shadows
Of my lovers dreams
So many moons ago
Now all I want is to be...

Oh baby baby please
Set me set me free
Oh baby baby please
From my ordinary misery

They don't know why
Some ordinary guy
They don't see why

Come on

Baby baby please
Set me set me free
Baby baby please
From my ordinary misery
Misery

Baby baby please
Set me set me free
Baby baby please
From my ordinary misery
Misery
