

# Reproof

HalfNoise

A whisper said the winterhead  
Stalling my future  
So I'd come  
To be renewed  
So I'd come  
To find you

On water, I turn to mud  
Sat in  
Began to sleep to the ground  
I knew my eyes would wander from you  
From you

You said to look up  
Look up  
Look up  
Look up
