

# Right On Time

HalfNoise

She's so tired and I know why  
It's that moon sky  
It's that moonlit sky  
And in the morning when the sun shines  
She gets wide eyed  
She gets wide eyed  
And anybody that comes round  
They get right on time  
They come right on time  
Hey baby that's why now  
It's our time hey  
It's our time now

She's so tired and I know why  
We keep leaving towns  
We keep leaving towns  
And in the morning when the sun shines  
I wanna feel it now  
I wanna feel it now  
Everybody that comes round  
Is right on time  
They come right on time

Right on time they come  
Right on time  
Right on time  
Right on time  
Right on time they come  
Right on time  
Right on time they come  
Right on time

And everyday it's right on time  
It's right on time  
Right on time  
And everyday it's right on time  
It's right on time  
You're right on time  
And everyday it's right on time  
Right on time  
Baby you're right on time now  
You're right on time now  
And everyday it's right on time  
On time
