

# Your Ghost

HalfNoise

Every once a while  
I see your ghost by my side  
Every once a while  
I see your ghost by my side

Go, be alright till you know  
Be alright till you've gone  
Be alright till you know

Every day go by  
I see your ghost by my side  
Every day go by  
I wait for you patiently

Go, be alright till you know  
Be alright till you've gone  
Be alright till you know

Sometimes I go  
Where I shouldn't go  
Help me find my, my way  
Back to the greater way

Go, be alright, be alright  
Go, be alright, be alright  
Go (every once a while)  
Be alright, be alright  
(I see your ghost by my side)  
Go (every once a while)  
Be alright, be alright  
(I see your ghost by my side)

Every once a while...
