

# Cyberworld

Halford

You're trapped inside my Cyberworld  
Consumed up as my web unfurls  
No secrets left for your mankind.

My virus lurks through out your veins  
I'm spreading there inside your brain  
A Trojan Horse that eats your mind.

Cyberworld  
Cyberworld  
I've got your power

Cyberworld  
Cyberworld  
I will devour, yeah

At speed of lies I will connect  
I search and surf as I infect  
Computerized catastrophe.

Your information's what I steal  
I scan you till you are unreal  
Transmit your power into me.

Cyberworld  
Cyberworld  
I've steal your mind.

Cyberworld  
Cyberworld  
For all mankind, yeah

You're dying in my Cyberworld  
You're dying in my Cyberworld
