Made In Hell

Halford

From memories of 68 when the wizard shook the world Metal came from foundries where the midlands sound unfurled The bullring was a lonely place of concrete towers and steel The coal mines and the industries were all I had to fell.

Something inside took hold of me, I really didn't know But overtime it came to be, I knew which way to go I drove around in search of what would make this all come true From jazz and electricity and good old southern blues

Hell, we're born to raise some hell Hell, we're gonna raise some hell

In Henry's and in mother's where I'd go to bang my head The feeling took a hold of me with every word I said The voice was born and came alive from all I saw and heard And now I knew my destiny, I had to spread the word.

I took the scream around the world From London to L.A. Unleashed in downtown Tokyo Blew Godzilla away

Then on the sound and fury went from Sydney to Brazil It sent the Russians crazy cause they never get their fill.

Of Hell, we're born to raise some hell Hell, we're gonna raise some hell Hell, we're born to raise some hell Hell, we're gonna raise some hell

The stage and the lights and the amps are ablaze watch them burn From all this insanity the Metal God's will return.

Shock waves attack relentlessly, intimidating force So many bands surrounding you with evil from our source It screams across the universe and slams you to the floor This blitzkrieg psycho mania is coming on full roar The world's a stage that's waiting for its bad ass to get kicked And we're all on the road to hell and that's route 666

Hell, we're born to raise some hell Hell, we're gonna raise some hell Hell, we're born to raise some hell Hell, we're gonna raise some hell
