

Man on a Mission

Hall & Oates

I'm a man, gonna make

I can walk all alone through a river of fire
'Cause my heart is true
Put my soul on the line
That's what I'd do, that's what I'd do

There's a power in passion
That I can't control
It's a natural reaction
And I can't let it go

I'm a man on a mission to love you
I'm gonna make you mine, gonna make you mine
I'm a man on a mission, I can't stop tryin' now
I'm gonna make you mine, gonna make you mine

Where angels fear to fly
That's where I go with my foolish pride
I got too close to the sun
I was the one looking for you

I feel the power in passion
When it's takin' control
And it's a natural reaction
And I can't let it go

I'm a man on a mission to love you
I'm gonna make you mine, gonna make you mine
I'm a man on a mission, I can't stop tryin' now
I'm gonna make you mine, gonna make you mine

Can't you see what you mean to me?
How much I need you
You know we owe each other honesty
So tell me what can I do to get to you

I'm a man tell me what can I do to get to you
I'm a man on a mission

I'm a man on a mission to love you
I'm gonna make you mine, gonna make you mine
I'm a man on a mission, I can't stop tryin' now
I'm gonna make you mine, gonna make you mine

I'm a man on a mission to love you
I'm gonna make you mine, gonna make you mine
I'm a man on a mission, I can't stop tryin' now
I'm gonna make you mine, gonna make you mine

I'm a man on a mission to love you
I'm gonna make you mine, gonna make you mine
I'm a man on a mission, I can't stop tryin' now
I'm gonna make you mine, gonna make you mine

I'm a man on a mission to love you
I'm gonna make you mine, gonna make you mine

I'm a man on a mission, I can't stop tryin' now
I'm gonna make you mine, gonna make you mine

I'll never give up
I'm gonna make you mine
