

## Back and Forth

Halle

Sometimes, you trip on me, babe  
And I know it's 'cause I'm not what you're used to  
Get out your feelings for me, babe  
No one has loved you like me, I would never fool you

I deserve a love that doesn't hurt  
Because I've been through worse  
Not today, no, sir

Don't wanna get into it (Back and forth)  
I know that you've been through it (Back and forth)  
No, I don't wanna do it (Back and forth)  
Just come right over here and (Shut the door)

Sometimes I like when you get angry (Angry)  
Something about it just reminds me that you care (Care)  
I might be selfish, I'll be, baby  
But I don't care, just come and touch me everywhere

Just close your eyes  
Let's go to the other side  
I got a fire in me and you're the only one that tames it  
Come on, won't you taste it?

Don't wanna get into it (Back and forth)  
I know that you've been through it (Back and forth)  
No, I don't wanna do it, yeah (Back and forth)  
Just come right over here and (Shut the door)

'Cause that's a lot of talking for me, for me (Ah-ah)  
And you don't wanna argue with me, with me (Ah-ah)  
You say I've been a bad girl, teach me, teach me (Ah-ah)  
'Cause that's a lot of talking, a lot of talking (Ah-ah)
