

# Eternity

Halle

Layin' here, next to you, girl, I'm just lookin'  
Lookin' at you sleep  
Girl, I can't believe that you're still wrapped up  
Wrapped up in my sheets  
You're so beautiful from your head down  
Head down to your toes  
I can't believe that I found an angel  
Angel in my home

If I'm dreamin', don't wake me this time

I love you for eternity (Eternity, eternity)  
I can't get enough of your love  
I love you for eternity (Eternity, eternity)  
I know you're sent from above  
I love you for eternity

When the sun hits your gorgeous face  
In the mornin' when you wake  
You look at me with those, those eyes of yours, and  
I could just lay in bed all day  
Oh, it's such an honor  
To be the man you, the man you adore  
Your love enriches me, yeah  
Girl, without you, without you I'm poor

Girl, I'm just so thankful that you're mine

I love you for eternity (Eternity, eternity)  
I can't get enough of your love  
I love you for eternity, yeah, yeah, oh, no (Eternity, eternity  
)  
I know you're sent from above  
I love you for eternity

Said, I love you  
Said, I love you, yeah  
Oh, oh  
I will love you (I will love you, baby)  
I will (I will love you, baby)  
I will, oh, ooh  
I'm gonna love you, baby, for eternity
