Outer Limits

They're coming, they're soaring they're flying right out of the sky You're hearing the screams of your comrades and wondering why Stare at the skies as they're starting to land You sob and you cry with your headin your hands You can't imagine what terror they bring A world gone mad where bedlam is king

Alien forces from out of the sky Conquering all who appear to their eyes They come without warning no mercy they show Soon you'll be seeing the end of the world You can't imagine what terror they bring A world gone mad where bedlam is king

Under, your under invasion Terror unknown to man Under, your under invasion Reeks terror across the land

Run for shelterthey're moving in Soon the world will be seeing the end You can't imagine what terror they bring A world gone mad where bedlam is king
