

Light Prayer

Halo Friendlies

One two three
Looking at me
So much to fix
Seven eight nine
Are you here all the time?

The light keeps coming through the holes in my mind
But I'll probably never fill them 'cause I've never got the time
Your light is a thing that puts my life at ease
And my heart would ever break if you ever left me

Nine eight seven
Going to heaven
Six five four
I need more
Three two one
It's all done
