

Exoskeleton

Halou

You will have to toughen up
Like a shiny little bug
(Beauty, she is cruel)
So, I will be the bug
And the rock that kills the bug
The waves that crush the rock
So, I will be the waves
And the moon that moves the waves
This is my resolve:
That I should be the waves
And the moon which makes the waves
Now, I eclipse the sun
Exoskeleton
