

# One Sunny Day

Halou

No one could ever know the things that I know  
No word could ever tell the feelings I've felt  
Oh, come one sunny day, you will look back and laugh  
Hey man, I'll drink to that

Oh, come one sunny day, you will look back and laugh  
I'll raise a glass to that. f\*ck, here's to that

I am so sorry  
It's my fault  
If you were my friend, you'd let me go  
If you were my friend, you'd let self-destruct

Oh, come one sunny day, you will look back and laugh

Hey man, I'll drink to that  
Oh, come one sunny day, you will look back and laugh  
I'll raise a glass to that. f\*ck, here's to that

This would all clear up if I could just shut up  
If I could just shut up  
Shut up  
Shut up

Oh, come one sunny day, you will look back and laugh  
Hey man, I'll drink to that  
Oh, come one sunny day, you will look back and laugh  
I'll raise a glass to that. f\*ck, here's to that
