

Scream Goodbye

Handguns

You only say "I love you" when you've had too much to drink.
To be completely honest, I could care less if I sink.
I won't fall asleep without wishing you'd disintegrate.
This bed is like an early grave and I am sinking deep into the dirt.
Scream goodbye, at the top of my lungs tonight. Scream goodbye.
You're a fake and you're a liar.
Scream goodbye, at the top of my lungs tonight.
Scream goodbye. Let your words fuel the fire.
I won't sit around waiting for things to change.
Pounding my head against the wall always makes me feel the same
.
I can't count how many times I just bit my tongue.
I'm losing all my balance and my mouth is filling up with blood
again.
I don't regret a thing I did, I don't regret a thing I said.
I'd drive nails into my ears to get your voice out of my head.
And I would rather die, or staple gun my eyes then have to see
your face again,
You're wasting all my time.
You're wasting all my time so scream goodbye.
