

Give Me Rest

Hands

Here I sit among the clouds. With nothing but the empty sound.
I have seen
The light of day. I have seen the water wash the blood away. Is
my name in
There? Send a smile to my daughter. Tell her everything is fine
. And give
My wisdom to my brother. Tell him to use it right. And to every
one I've
Wronged, the thought has never left my mind. You are the end and I am
Fading. Will I rest with you for all of time? Is my name in the
re? Give me
Rest. Tell my wife I adore her. That she is beautiful and kind.
Here I sit
Among the clouds. I was wrong and You were right. Give me rest.
