

Back Into Action

Handsome Devil

Oh joy lucky me
I'm looking back at what I used to be - I'm looking back to see
See what I want to see
Forget the darkest living part of me - the irony
Without a soul to stand by me, I'm waiting
For you to call me out suddenly
I'm back - back - back into action
Corner me and I'm back into action
Tease me a little more
You made your play, and now you've got to go - you've gotta go
I don't want to work it out
You'll never understand what I'm about - you'll never know
Self-destruction all the way, I'm waiting
For you to call me out suddenly
I'm back - back - back into action
Corner me and I'm back into action
I know you don't believe in me
Suddenly
I'm back - back - back into action
Corner me and I'm back into action
I'm back
