

# I Fall Down

Handsome Devil

You kiss me, I fall down  
Dismiss me Tinseltown  
Stay close till I come around  
You kiss me, I fall down  
Yeah - I fall down  
Yeah - I fall down  
Yeah - I fall down  
Yeah - I fall down  
Lost angel in my heart  
I just might fall apart  
Arrest me in your lounge  
You kiss me, I fall down  
Yeah - I fall down  
Yeah - I fall down  
Yeah - I fall down  
Yeah - I fall down  
You kissed me in the way - You never should do

You kissed me in the way - You never should do  
You kissed me in the way - You never should do  
Baby oh  
You kiss me, I fall down  
Dismiss me Tinseltown  
Stay close till I come around  
You kiss me, I fall down  
Yeah - I fall down  
Yeah - I fall down  
Yeah - I fall down  
Yeah - I fall down
