Promises

Handsome Ghost

I've been living like a pretender
Ready for a reason to fall apart
Demons living deep in the center
Of my heart
But listen, I have made a decision
I am finished fading into the dark
I need another shot at beginning
Let's restart

I'll tell you once
I'll tell you twice
And I don't care who listens
I will shout it to the northern lights

I'm gonna keep
All these promises, promises, promises, promises, promises
And you're gonna see
I want all of it, all of it, all of it, all of it, all of it

Patient but it's making you restless
Turn into tomorrow, you follow moons
Cigarette, you're tracing the edges of your room

I'll tell you once
I'll tell you twice
And I don't care who listens
I will shout it to the northern lights

I'm gonna keep
All these promises, promises, promises, promises, promises
And you're gonna see
I want all of it, all of it, all of it, all of it, all of it

Front door
What have I been waiting for
You're out back
You should know that

I'm gonna keep
All these promises, promises, promises, promises, promises
And you're gonna see
I want all of it, all of it, all of it, all of it, all of it

I'm gonna keep
All these promises, promises, promises, promises, promises
And you're gonna see
I want all of it, all of it, all of it, all of it, all of it
Shout it to the northern lights
