

From Here To There To You

Hank Locklin

(From here to there to you)
From here to there to you my letter is on its way
To tell you how I miss you ever since you sailed away
To tell you things are not the same when I'm so far from you
I'm sending all my love from here to there to you
From here to there to you and that's oh so far away
Across this little painted map from here to there to you
I wish that I could go myself across this ocean of blue
Along with my love letter from here to there to you
From here to there to you...
