

## There's More Pretty Girls Than One

Hank Locklin

There's more pretty girls than one there's more pretty girls than one  
an one  
Every town I ramble around there's more pretty girls than one  
Well I am a rambling man I done roam this world around  
I've always been a rounder boy since my girl turned me down  
There's more pretty girls than one...  
Now listen all you rounders let me tell you what you'd do  
Don't fall in love with a pretty little girl unless you know she's true  
There's more pretty girls than one...
