

A Good Gal Is Hard To Find

Hank Snow

A good gal is hard to find
You always get the other kind
And when you think you've got the best in the land
You look around and see her flirtin' with some other man
And then you rave and then you crave
To see her lyin' in her grave
So guys be wise, take my good advice
Hug her every mornin', kiss her every night
Give her lots of lovin', man, and treat her right
'Cause a good girl, nowadays, is hard to find

A good gal is hard to find
You always get the other kind
And when you think you've got the best in the land
You look around and see her flirtin' with some other man
And then you rave and then you crave
To see her lyin' deep in her grave
So guys be wise, take my good advice
Hug her every mornin', kiss her every night
Give her lots of lovin', man, and treat her right
'Cause a good girl, nowadays, is hard to find
A good gal, nowadays, is hard to find
