

## Roses In The Snow

Hank Snow

I'll remember when it's winter and there's not a rose to see  
That you kiss me and there will be roses blooming in the snow f  
or me  
I'll remember in December when the lonely raindrops sigh  
Ho you smile dear and there will be sunshine in the dark Desemb  
er sky  
I'll remember ever after the wind in your hair of gold  
And the sound of your laughter will warm my heart when I'm old  
I'll remember when it's winter and my dreams have seas to keep  
That you love me and there will be roses blooming in the snow f  
or me  
I'll remember ever after...
