## The Greatest Sin

**Hank Snow** 

Did I commit the greatest sin
Was it on my wedding day
I married someone else not you
I I thougt I'd spied you there that day.

We quarried and I took the ring That you gave back to me And gave it to somebody Who has loved me faithfully.

I married her but I love you
And I know you love me too
Mine is the Greatest sin because
I ruined her life, mine and yours.

We quarried and I took the ring That you gave back to me And gave it to somebody Who loved me faithfully.

I married her but I love you
And I know you love me too
Mine is the greatest sin because
I ruined her life, mine and yours...
