

## Gypsy And The Tea Leaves

Hank Thompson

The Gypsy spread the tea leaves to find the reason why  
You took my heart and broke it and told me all those lies  
The sign of loving someone was seen there in the leaves  
But why was it another why couldn't it be me  
The tea leaves are just one way to show me I have lost  
Someone near to me someone dear to me for her I'll pay the cost  
The Gypsy broke my heart dear though I know she meant no harm  
There were teardrops on the tea leaves because you're in another's arms  
The tea leaves are just one way...
