

Ghost To A Ghost

Hank Williams III

Being thrown out at birth
Is my curse luck
And everybody didn't understand
I was being set up.
On the second day I was found
By a bloody blood hound
From a distant day
In Hell's lost and found.

From a ghost to a ghost
From a ghost to a ghost
Yeah we know how it goes,
Yeah we know how it goes,
When you're lonely outside
When you're lonely outside
With the ones I know
With the ones I know
From a ghost to a ghost
From a ghost to a ghost
That's how it goes
That's how it goes
Looking for another way
Looking for another way
That we lived before
That we lived before

On the third day I was dead
Torn apart by crows
Found the secrets of the bottle
That no one knows.
Well I've seen it all,
I've done it before
I died long time ago,
In that warn out war!

From a ghost to a ghost
From a ghost to a ghost
That's how it goes,
That's how it goes,
Looking for another way
Looking for another way
That we lived before
That we lived before
From a ghost to a ghost
From a ghost to a ghost
That's how it goes,
That's how it goes,
Looking for another way
Looking for another way
That we lived before
That we lived before

Watching all that good whiskey
Drowning all my friends
Sailing on this lonely sea
Where no one wins
Built up to be left down

Is in my family tree
See the wolves and the vampires in their misery
Shady eyes and used up words
Dim without a doubt
Wasn't too much time alone
That made you wanna find out

From a ghost to a ghost
From a ghost to a ghost
Yeah we know how it goes,
Yeah we know how it goes,
When you're lonely outside
When you're lonely outside
With the ones I know
With the ones I know
From a ghost to a ghost
From a ghost to a ghost
That's how it goes
That's how it goes
Looking for another way
Looking for another way
That we lived before
That we lived before

From a ghost to a ghost
Yeah we know how it goes,
When you're lonely outside
With the ones you know
From a ghost to a ghost
Yeah we know how it goes,
When you're lonely outside
With the ones you know
