

# One Horse Town

Hank Williams III

Well, my hat's done worn out, my boots are bad  
I ain't got a gun but I wish I had  
And I'm down in a one horse town

My gal done left me the other day  
Said, I didn't bring home enough of that pay  
And I'm down in a one horse town

But I'm doin' fine, I'm doin' okay  
I think I might get by just one more day

Well, when you get low down, you got nothin' to lose  
All you can do is start singin' the blues  
When you're down in a one horse town

I drank on Tuesday, until I fell down  
I woke up on Wednesday and you weren't around  
And I'm down in a one horse town

But I'm doin' fine, I'm doin' okay  
Think I might get high, just one more day
