Well, I have got no money but I am doin' fine.

I'm just a hillbilly hell-raiser; I'm tryin' to kill my time.

An' I'm lookin' for that gal, about five foot ten.

An' I'm gonna take her down that road of livin' a life of sin.

Because I'm drinkin', druggin'.. I'm havin' lots of fun. I always carry round my loaded shotgun.

If I think I'm gonna have a bad time,
I got a little bit of smoke an' a whole lotta wine.

Well, I once had this gal.. I thought she'd be my bride. But then she had to leave my ass for that other guy.

An' now I'm drinkin', druggin'.. I'm havin' lots of fun. I always carry round my loaded shotgun. If I think I'm gonna have a bad time, I got a little bit of smoke an' a whole lotta wine.

Well, I don't really care if you hate me, you see,
'Cause I'm just a country boy from the state of Tennessee.
A little bit crazy, on the loudish side,
'Cause I like drink my whiskey an' I like to get high.

An' now I'm drinkin', druggin'.. I'm havin' lots of fun. I always carry round my loaded shotgun.

If I think I'm gonna have a bad time,

I got a little bit of smoke an' a whole lotta wine.
