

Wild & Free

Hank Williams III

Livin hard wild free is the life for me and i'm always good fri
end with bad company
i drink all dayjust to get to feeling right and i'm just trying
to get ahead in this wreckless life
working hard and playing when i can raisin hell in the mud and
livin off the land
i get tired when i have to walk a straight line, cause the devi
ls pouring drinks and his daughter needs a ride
well it's hard to see that i love you so well it's plain to see
that i let you go
living wild and free keeps me on the ground and i'm running lik
e hell to keep from goin down

I been ridin all day with me i'm wired? that's the life i chos
e it keeps my soul on fire
gettin drunk and playing real loud it's what i do to make the c
rowd get down
and it's hard to say i'm not much of a family man. cause i play
all night and raise hell with my hellbilly band
and i know i was never quite good enough for you. so i'll sit r
ight here and have another drink or two

Yeah it's hard to see that i loved you so. well it's a plain to
see that i let you go
livin wild and free keeps me on the ground. and i'm running lik
e hell to keep from goin down
and i'm running like hell to keep from goin down.
