

## Give Me The Hummingbird Line

Hank Williams Jr.

I caught the 4-10 train in Montgomery I climbed aboard just a f  
eelin' fine

Cause I knew I'd see my baby in Nashville at 11-0-9

I walked back to the rear of the coach I got a seat with a real  
good view

I had just lean back when I heard the smoke stack

And I felt that train start to move

Lord it thrills me so just to sit here and watch the lands roll  
by

I know there's cars and planes and different things

But give me the hummingbird line

Now I don't know what gets into me but when I hear that whistle  
blow

And I feel that train' surgin' down the tracks Lord it reaches  
into my soul

I heard a noise and I looked out the window but the night was b  
lack as pitch

The conductor said don't worry boys we're on the Tennessee Rive  
r bridge

I see the lights up yonder of Nashville I kinda hate to see thi  
s trip end

For I love so to ride this train goodbye hummingbird my friend

Lord it thrills me so just to sit here...

I know there's cars and planes and different things

That give me the hummingbird line
