

# Beyond The Pale

Hanker

We've been livin' feeling nothing  
We've been watching all the pain  
They've been laughing and pretending  
We've been all insane

Special I:  
Now! What can it be?

He's been suffering, he's been waiting  
He's been planning all their fate  
Now he's shooting, we do nothing  
He gets all the fame

Special II:  
Oh! Who can it be?

Bridge I:  
Wake! Now!  
We have to stop the game!

Chorus:  
Beyond the pale  
Beyond the pale  
Beyond the pale  
Beyond the pale

They've been waiting, framing beings  
We'll be dying all in vain  
Some are testing hearing warnings  
Fools get all the fame

Special III:  
Oh! How will it be?

Bridge II:  
Wake! Now!  
We have to start again

Chorus:  
Beyond the pale  
Beyond the pale  
Beyond the pale  
Beyond the pale
