

Conspiracy Of Mass Extinction

Hanker

Praying, my friend, is not a crime
Hoping, my friend, that this is no line
Crying in vain yearn for Divine
Holding on tight you should fear the end of times!

Here goes the dawn
Away the sun
Here comes the one
You should be gone

You're strong, you'll rise
Spend every dime
Expensive fights
Yet you sleep tight

Bridge:
Down we go!

Special I:
Hide away from the sins
From the people you've mistreated
Hide away, hurry in!
From the ones you've been mistreated
Lord! Help me now!!

Evil's around
In every town
He's been around
As we fall down

Who's wrong? Who's right?
There is no time
Mutations rise
As melt the ice

Repeat Bridge

Chorus:
Let them pray the One
They share
Let them save the One
They care
Let them pray the One
They share
Let them save the One
They care

Special II:
Hide away from the sins
From the people you've mistreated
Hide away! So far away!!

Final Chorus:
Let them pray the One
They share
Let them save the One
They care

Let them pray the One
They share
Let them save the One
They care
Fear the end!
